Nurse Handbook & SOP

Standard Operating Procedures for In-Home Care Professionals

Geriatric Adolescent Partnership Programme (GAPP)

Confidential — For Tavara Care Team Members Only

1. Welcome & Mission

Welcome to the Tavera Care team. We are a bridge between young people and the elderly, fostering a professional approach to caregiving while providing practical skills for in-home care.

Our program emphasizes patience, compassion, confidentiality, and the ability to work collaboratively with families and health professionals.

Our Core Values

- Clarity over Cleverness
- Progress over Perfection
- Trust in Every Interaction
- Never Let Users Feel Stuck
- Real World Over Ideal Users

2. Professional Standards

Code of Conduct

- Arrive on time for every shift; notify supervisor immediately if late
- Wear clean, appropriate attire and maintain personal hygiene
- Maintain professional boundaries with clients and families
- Do not use personal phone for non-work purposes during shift
- Never share client information outside the care team
- Report concerns, incidents, or condition changes immediately
- Treat every client with dignity, respect, and compassion
- Follow all infection control protocols

3. Daily Shift Procedures

Start of Shift

- Greet and check in with client — assess mood and comfort
- Review previous shift notes and handoff report
- Check medication schedule for the shift
- Verify all supplies and equipment are available
- Confirm emergency contacts are accessible
- Review care plan for any updates

During Shift

- Follow the daily care checklist for all assigned tasks
- Document task completion in real-time using the app
- Monitor client vitals as scheduled
- Prepare meals according to dietary requirements
- Assist with personal care (bathing, dressing, toileting)
- Provide companionship and mental stimulation
- Administer medications under supervision as prescribed

End of Shift

- Complete all documentation in the Daily Care Checklist
- Write handoff notes for the incoming nurse
- Ensure client is comfortable and safe
- Clean and organize the care area
- Send shift handoff report via WhatsApp
- Log out and confirm shift completion

4. Care Tasks & Responsibilities

Personal Care

- Bathing and hygiene assistance
- Dressing and grooming
- Toileting and incontinence care
- Oral care
- Skin care and pressure sore prevention

Nutrition & Meals

- Prepare meals per dietary plan
- Assist with feeding
- Monitor fluid intake
- Document meal consumption
- Report appetite changes

Mobility & Safety

- Assist with transfers and repositioning
- Fall prevention
- Accompany on walks
- Ensure mobility aids accessible
- Monitor wandering (dementia)

Social Support

- Companionship and conversation
- Games and activities
- Reading
- Encourage social connections
- Support emotional well-being

5. Medication Management

Always follow the 5 Rights: Right Patient, Right Drug, Right Dose, Right Route, Right Time.

Procedures

- Check medication schedule before each administration
- Verify medication name, dosage, and expiry date
- Document administration immediately after giving medication
- Report adverse reactions to supervisor and family immediately
- Never skip or double doses — contact supervisor if unsure
- Store medications securely as prescribed
- Use the Medication Management tab in the care plan to log administrations

6. Emergency Procedures

In case of emergency

- Stay calm and assess the situation
- Call emergency services (999/911) if life-threatening
- Administer first aid if trained
- Contact family emergency contact immediately
- Notify your Tavera supervisor
- Document the incident in detail
- Do not leave client unattended until help arrives

7. Communication & Handoff Protocol

Clear communication ensures continuity of care. Use the Daily Care Checklist and WhatsApp handoff report for every shift change.

Handoff Report Must Include

- Tasks completed and pending
- Client's current condition and mood
- Medications administered
- Meals served and appetite notes
- Incidents or concerns
- Notes for the next nurse

8. Documentation Requirements

All care activities must be documented using the Tavera platform:

- Daily Care Checklist completion (all 34 tasks)
- Medication administration logs
- Incident reports (within 1 hour)
- Shift handoff reports
- Client vital signs
- Meal and fluid intake records

9. Infection Control & Safety

- Wash hands before and after every client interaction
- Use PPE as required
- Sanitize frequently touched surfaces
- Properly dispose of medical waste
- Report signs of infection immediately
- Follow COVID-19 protocols as applicable

10. Client Rights & Confidentiality

- Every client has the right to dignity, privacy, and respectful care
- Client information is strictly confidential
- Clients may refuse care or treatment
- Family communications go through proper channels only
- Photographs of clients are strictly prohibited
- All data protected under applicable privacy laws
