

NURSE & CAREGIVER HANDBOOK

Safe. Compassionate. Coordinated.

Standard Operating Procedures • Job Description • Daily Checklist

"At Tavara, care is not just what we do — it's how we show up."

ROLE

Tavara Nurse / Professional Caregiver

STANDARD

Confidential — Internal Use Only

MISSION

Deliver safe, compassionate, consistent, and coordinated care to clients in their homes — preserving dignity, stability, and continuity at all times.

1. ROLE OVERVIEW

The Tavara Nurse (Professional Caregiver) is responsible for delivering safe, compassionate, consistent, and coordinated care to clients in their homes. This role encompasses:

Physical Care	Emotional Support	Daily Living Assistance	Team-Based Coordination
---------------	-------------------	-------------------------	-------------------------

2. CORE RESPONSIBILITIES

A. Patient Care (ADLs)

- Bathing, grooming, dressing
- Toileting and hygiene
- Feeding and mobility
- Ensure client comfort, safety, and dignity
- Support daily routines based on care plan

B. Medication & Health Monitoring

- Administer medication (if qualified)
- Monitor vital signs (if required)
- Observe physical and behavioral changes
- Report any concerns immediately

C. Care Plan Adherence

- Follow the assigned care plan strictly
- Understand client condition, preferences, and routines
- Do not make changes without approval

D. Emotional & Companion Support

- Provide conversation and companionship
- Offer emotional reassurance
- Be present during difficult moments
- Observe loneliness, anxiety, and mood changes

E. Practical Support

- Light housekeeping (client-related only)
- Meal preparation
- Accompany client if required

F. Communication & Reporting

- Log tasks completed, observations, and incidents
- Communicate with family, Tavara team, and other nurses

3. TAVARA CARE STANDARDS — NON-NEGOTIABLES

Core Conduct

Every Tavara nurse must uphold the following at all times:

✓ Treat every client with dignity and respect	✓ Be punctual and reliable
✓ Maintain professional boundaries	✓ Show patience and empathy
✓ Be fully present — minimize phone use	✓ Follow all safety protocols

Daily Home Responsibilities

- Maintain a clean, safe environment
- Complete client-related tasks (trash, tidying, routines)
- Follow all home-specific routines assigned in care plan

Punctuality & Delays

- If running late: notify client immediately and update WhatsApp group
- If unable to attend: inform team ASAP and help coordinate coverage

Emergency Protocol

- Ensure client safety first
- Call emergency services if needed
- Notify team and family immediately
- Document incident clearly

"We operate as a coordinated care team — not individual caregivers."

4. DOCUMENTATION & LOGGING

Accurate, timely documentation is a core professional responsibility at Tavara.

Complete Daily Logs After Each Shift

Logging may be done via any of the following:

Method	Purpose	When to Use
Tavara Platform	Official record of care provided	Primary method — every shift
Physical Logbook (in the home)	On-site reference for care team	Each visit / as required
WhatsApp Nurse Group	Real-time updates & coordination	Ongoing during active shifts

Log Entries Must Include:

- Care provided during the shift
- Observations (physical, emotional, behavioral changes)
- Any concerns, incidents, or unusual events

■ **Important:** WhatsApp updates support real-time communication but do **not replace** full documentation. Ensure all critical information is properly recorded in the official log system (platform or physical logbook).

5. TEAM COORDINATION

Tavara operates on a team-based system. Continuous care is a collective responsibility.

WhatsApp Care Group

Each home has a dedicated WhatsApp group for assigned nurses. Use it to:

- Share shift updates
- Coordinate care decisions
- Communicate concerns in real time
- Support smooth shift transitions

Expectations: Stay responsive during active shifts. Communicate clearly and respectfully.

Coverage & Gaps

- Coordinate among yourselves first to fill schedule gaps
- Support each other during personal or emergency situations
- Escalate only when team-level coordination has been exhausted

The client should never feel disruption due to internal scheduling issues.

6. SHIFT WORKFLOW (SOP)

■ BEFORE SHIFT	■ DURING SHIFT	■ AFTER SHIFT
• Review client profile • Check care plan • Check WhatsApp updates • Arrive on time • Prepare mentally	• Follow care plan fully • Complete all care tasks • Engage client (not just tasks) • Maintain clean environment • Observe & document changes	• Complete logs (tasks, observations) • Update platform or logbook • Communicate any concerns • Ensure smooth handover • Confirm next steps with team

*"At Tavara, care is not just what we do —
it's how we show up, how we support each other,
and how we ensure the client never feels the gaps."*
